Gigaset C380, C385 (L4)

"The reliable allrounder phone with color display
for people looking for efficiency and good value for money"

Key benefits

- USP: Brilliant sound quality by convenient handsfree talking
- Easy and clear icon based and self-explaining menu with color display
- Long talk time of up to 25h
- Standby time of up to 240 hours

- Interface: a/b (analogue)
- Implementation: HA/PBX
- Standards: DECT, GAP, CAT-IQ (vb)
- Configuration: connection of 1 external line
- System: cordless telephone for up to 4 handsets

Sound quality

- HSP for brilliant sound quality (High Sound Performance)
- Handsfree talking with brilliant sound quality – activated by illuminated handsfree key
- Adjustable volume of handset sound (3 levels for earpiece and 5 levels for handsfree volume)
- Ringer melodies with 5-tone adjustable volume settings and on/off function via * key (long press)
- Ringer melody output via handsfree speaker
- Advisory tone (for key confirmation and low battery)
- Mute (via softkey)

Convenience – phoning essentials

Range
- Indoor range: up to 50 meters
- Outdoor range: up to 300 meters

Operation time
- Talk time: up to 25 hours
- Standby time: up to 240 hours

Phonebook and dialing
- Phonebook for up to 150 names and numbers
- Phonebook transfer between different handsets
- Name indication for: incoming calls, outgoing calls, missed calls list, redial list
- Dial preparation (input of phone numbers before connecting) with correction possibility
- Redialing of the 10 last different numbers
- User-programmable speed-dial shortcuts using keys 0, 2-9
- Dialing: DTMF, Pulse, Flash (programmable)
- Support of local area codes
- Automatic dialing of operator prefix
- Provider lock [2), 3)] (provider customization to allow calls only via predefined network)

Receiving calls
- Caller indication displayed via CLIP and CNIP [2), 3)]
- Selectable ringer melodies
  - 5 polyphonic (16 voices, for handset only)
  - 10 standard melodies
  - adjustable volume
- Ringer melody output
  - in handset via handsfree speaker
  - in base station (3 melodies in non AM base)
- Individual ringer melody for internal calls

Missed calls
- Display signaling missed calls
- Comfortable access to missed calls list by dedicated, illuminated message key
- List showing up to 25 missed calls saving calls with caller indication (CLIP / CNIP - base station required) and time [2), 3)]
- Direct dialing out of the missed calls list

General additional features
- Plug & Play (unpack, connect the phone and conduct a call)
- Headset connector wired by 2.5 mm jack connector
- Alarm clock with
  - selectable ringer melody
  - snooze function
  - clock synchronization using CLIP information (country specific feature) [2),3)]
- Date and time functions are protected against power failure
- Internal antennas

Display and menu features

Display
- Illuminated graphical color display (1.42'', 4096 colors, 96*64 resolution, 3 lines + 1 line for softkeys)
- Display illumination: amber

Standby
- Display of date and time as screensaver (default setting)

In idle
- Display of date and time
- Display of state of battery life and signal strength
- Soft keys for quick selection of functions

While conducting a call
- Display of call duration in talk mode

Menu
- Convenient menu for easy use in up to 30 languages (variable according to geographical region)
- Simple operation via text based menu and soft keys

Keypad features

- New ergonomic keypad in high quality material (polydom technology)
- 12 numeric keys plus 9 function keys
- Illuminated keypad including navigation area
- Keypad illumination: amber
- Illuminated handsfree talking key (red) and dedicated illuminated message key (red)
- Keypad protection on/off via # key (long press)
- Ringer tones on/off via * key
- Flash key (R) with long press for pause (P)
- Intercom key (can be used as FNO specific key)

Messaging functions [2) 3)]
- Easy SMS setup including registration
- Sending/receiving of SMS with up to 160 characters 2)3)
- Storage of 10 SMS
- SMS protocol 1

Eco DECT
- Up to 60% less energy consumption 4) thanks to an energy-saving power supply
- Reduction of transmitting power to almost zero when handset is docked (with only 1 registered handset)
- ECO Mode: manual reduction of transmitting power by 80% 5) for all registered handsets
- ECO Mode+ : manual reduction of transmitting power by 100% 5) for all registered handsets 6)
- Variable reduction of transmitting power according to distance between handset and base station (for all registered handsets – in comparison to when ECO Mode is not activated and our conventional cordless phones)

Accessories
- Gigaset Repeater for range extension
- Wired headset 2.5 mm (only optional)
- Up to 4 Gigaset handsets

Features with more than one handset
- Free internal calls between handsets
- 2 calls simultaneously (1 external, 1 internal)
- Internal transfer of external calls to another handset with prior consultation call
- 3 party conference (1 external / 2 internal participants) via listening in function
- Selective and collective call of internal handsets
- Selective and collective call on incoming external calls

Answering machine features
- Integrated answering machine with up to 25 minutes recording time
- User defined and predefined announcement
- Display of new messages on handset and base station
- Announcement of date and time for each message by voice [2)]
- Comfortable operation via handset and keypad on base station (illuminated play key and on/off key)
- Live listening of messages via base station
- Call pick up function to answer calls during message recording
- Recordings have unlimited protection against power failure
- Remote control of answering machine

Fixed net operator features
- Support of provider features by use of Flash key, *key and # key
- FNO specific key possible (instead of Intercom key)
- Context sensitive menus for net-based operator features (conference etc.)

Technical data

Handset
- Standby time: up to 240 hours
- Talk time: up to 25 hours
- Battery: 2 x AAA (NiHM), 650 mAh
- Charging time: 11h in base station, 8h in charger
- Indoor range: up to 50 meters
- Outdoor range: up to 300 meters
- Dimensions H x W x D / weight
  Handset: 147mm x 50mm x 30mm / 127g

Base station
- Power-saving 230 V switch-mode power supply
- Charging cradle in base station
- Wall mountable
- Paging key on front of base station
- Operation of Answering Machine through keys on base station
- Speaker for ringer output
- Connection of 1 external line
- Connection of up to 4 handsets
- Dimensions H x W x D / weight
  Base station: 54mm x 104mm x 128mm / 109g
  Answering machine base: 55mm x 126mm x 126mm

External charger (for Duos/Trios only)
- Wall mountable
- Dimensions H x W x D / weight
  Charger: 38mm x 83mm x 80mm / 48g

Package contents
- 1 handset
- 1 base station
- 2 standard AAA batteries (NiHM), 650 mAh
- 1 power supply unit
- 1 telephone cord
- 1 user manual

Other packages
- System Duo
- System Trio
- System Quattro
- MT-Bundle
- AM System
- AM System Duo
- AM System Trio
- AM System Quattro

Color
- Titanium, IMF 8070

Market introduction
- Market launch in June 2008 (Germany)

[1)] Dependent on country / network/ service provider
[2)] Country / customer specific
[3)] Operator specific (fixed-line)
[4)] In comparison to our conventional cordless phones
[5)] In comparison to when ECO Mode and ECO Mode+ are not activated and to our conventional cordless phones
[6)] If all registered handsets support ECO Mode+
